

Strengthening Capacities in Kosovo to Address Environmental Hot Spots

**Artana/Novo Brdo Mine
Stan Tërg/Stari Trg Mine**

Project Manager: Agron Bektashi

I. Artana/Novo Brdo Mine

Achievements

- Drillings (30 drillings) and sample survey (60 samples) at Tailings T1. Laboratory analyses at Kishnica Processing Plant.
- Supply of Chemical Reagents for processing of approx 20 000 t of tailings from Tailings T1.
- Transport of 80 000 t from Tailings T1 to Kishnica Processing Plant (ongoing).
- River bed protection at Tailings T2.

Artana/Novo Brdo Mine

Expected outputs:

- Reprocessing of tailings
- Contribution from expected sales
- Reducing of contamination source
- River protection

Artana/Novo Brdo - Tailings T2 – Situation before remediation

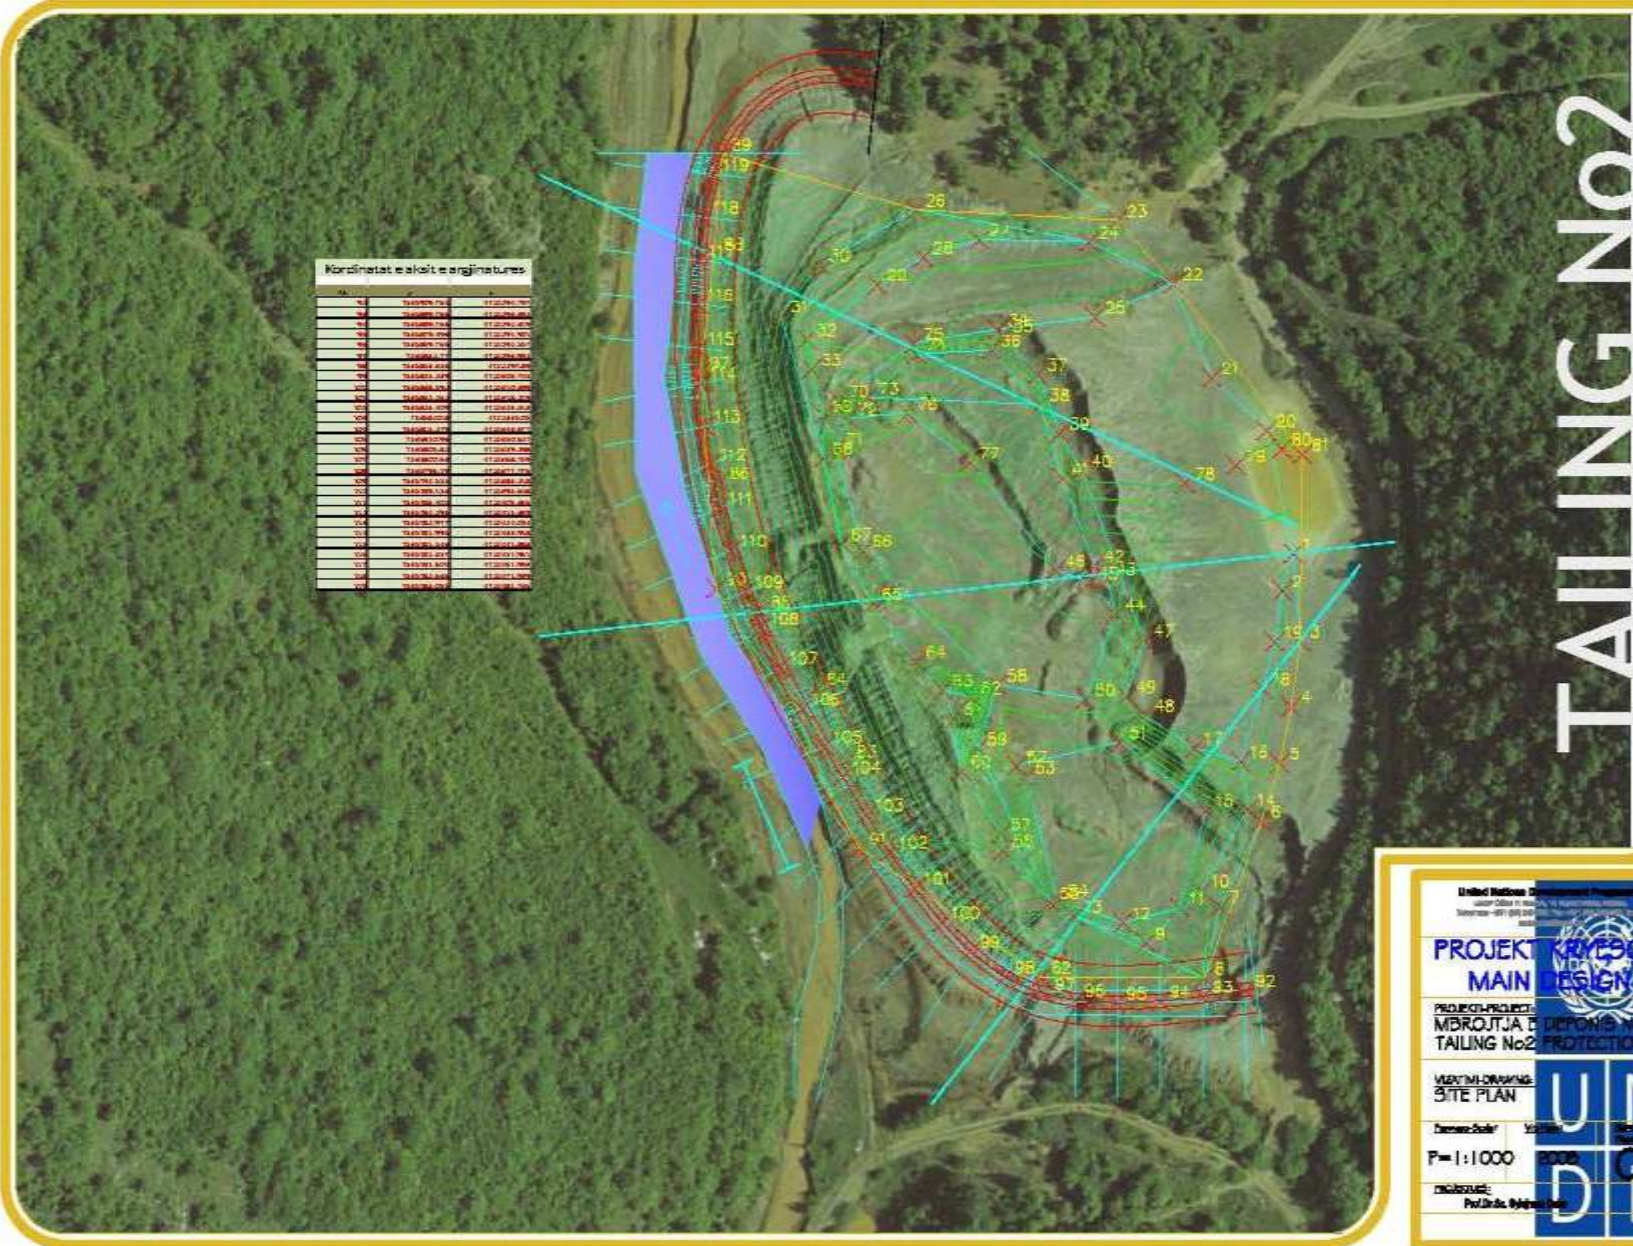

Artana/Novo Brdo - Tailings T2 – Situation before remediation

Artana/Novo Brdo-River bed Protection: After remediation

II. Stan Tërg/Stari Trg Mine *Achievements*

- Reinforcement , leveling and rehabilitation of dam crest at Stan Tërg/Stari Trg Tailings

- Greening, re-cultivation of rehabilitated dam crest at Stan Tërg/Stari Trg Tailings

Stan Tërg/Stari Trg Mine

Expected outputs:

- Reducing the generation of toxic tailings dust
- Improving the air quality for the residents living in the vicinity of the tailings pond

Stan Terg/Stari Trg Tailings – Before remediation

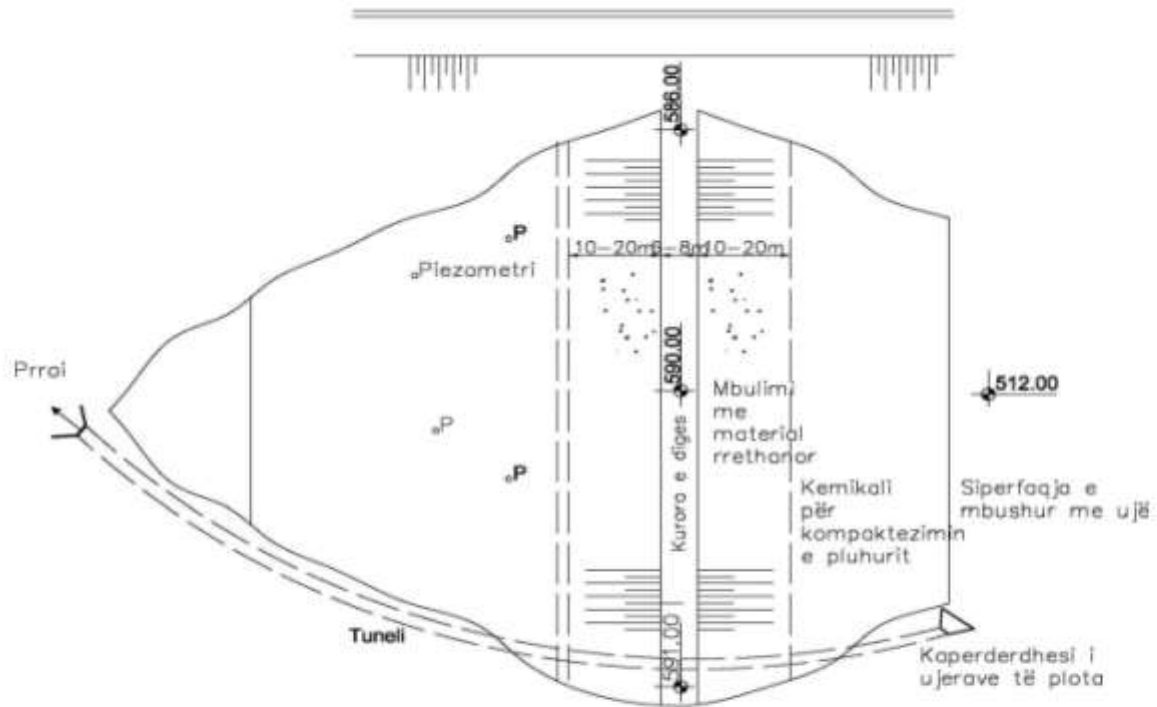

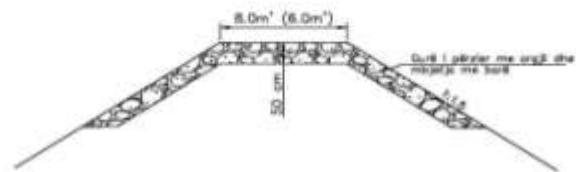

Stan Terg/Stari Trg Tailings-Before remediation

Public Awareness *Achievements*

- Contract for the Raising of Public Awareness signed
- Phases of implementation:
 - *Development of the public opinion surveying tool,*
 - *Organizing first meetings with Focus Groups.*
 - *Establishment of Working Group*
 - *Design and Implementation of Awareness Raising Campaign.*
- First Seminar held on 2nd December 2008: Environmental Challenges in Mitrovica

Public Awareness *Seminar in Mitrovica*

Public Awareness Seminar in Mitrovica

Capacity Building *Achievements*

- Report on Policy Integration Assessment completed
- Market Survey completed, final report under review
- Thematic areas for the capacity building activities as:
Seminars ,Workshops and Pilot project- under preparation

Planned Activities for 2009

- Completion of transport of tailings
- Identification of new potential hotspots project within existing project ToR
- Public awareness activities
- Capacity building activities
- Workshops and Seminars

Thank you
